

## **Northern Arizona Shooting Range**

- **Forest Service Coordination** - The Department provided the CNF information requested as part of the Feasibility Analysis for the land transfer.

Information included:

- Copy of Department's Warranty Deed for the Cunningham Tracts.
- Revised Verde River map
- Right-of Entry letter, and complete Preliminary Commitments for Title Insurance reports

CNF has submitted the valuation consultation request package to the Regional Appraiser. CNF has made progress on the Feasibility Report and started work on the draft Agreement to Initiate. CNF expects to have both to the Region for review in September as planned. The Department is expecting the CNF decision on the Feasibility Analysis in September as well.

- **Sound Study** - Per Commission direction, the Department will conduct a second sound study to address local community concerns as part of the NEPA process after the Feasibility Analysis is completed.
